

Since this information is all public it's just that no one but me cares to collect it I decided to post it for the first time. This is posted for your enjoyment only and is not to be used for gambling, April Fool's gags, or coming to conclusions. This data means absolutely nothing other than what it means.

Here are updated ref tendencies.

Since all star break (relative to whole season)

3 seconds – down 13%

Def 3 sec – down 15%

Palming – down 45%

Flagrant 1 – down 18%

Lane violation – down 7%

Off foul – down 8%

Tech foul – up 17%

Those stats are through March 13th.

These are stats by referee through March 20th:
