

This showed up in my email inbox today. It was so interesting and concise an offering I just had to share it with everyone and get your thoughts !

Mark,

Please review the following opportunity. This may help you in your purchase with the Rangers. I know you don't need the help. Please keep in mind, I am in no way soliciting your business, just sharing information. Any communication will be with proper platform manager. Continued Success in 2010.

As discussed please find attached our compliance documents to be completed by the Signatory to the account, holding the Board Resolution.

In addition we require the following standard documents:

- 1- Passport copy of Signatory
- 2- Corporate Resolution
- 3- Corporate Registration documents
- 4- POF – Account statement and bank confirmation that a Swift MT 799 Administrative Hold will be sent upon request.
- 5- Short description of company's activities and how the funds were earned.

Our 10 day bullet program is exclusive to our Platform paying 15x the input amount to the investor. It will accept Cash funds only, not cash-backed instruments, a minimum of Euro 100 M – max 5 B in top 20 banks in Europe, Hong Kong and Dubai.

The funds will be reserved in Investor's account via Swift MT 799 Administrative Hold and unblocked/free again after 7 days.  
Principal amount can be re-invested.

The investor does not need to submit projects as our Platform has the FED approved and Government contracted projects for which we receive this bullet program. After the 10 days the investor can decide to stop or to continue with all or part of his return in our managed buy/sell 50 B contracts with R&E with weekly payments, where he can have several 50 B contracts simultaneously depending on the input amount.

Best Regards,

Jim xxxxxxxx
