

For those who don't know. Genarlow Wilson was sentenced to 10 years in jail for doing something every 17 year old I knew, including me, tried to do. He is two years into this nightmare that only makes the State of Georgia a posterchild for mistrust in government.

Rather than go into detail I will refer everyone to some wonderful articles written in support of Genarlow and to his lawyers reference site, [WilsonAppeal.com](http://WilsonAppeal.com)

I wanted to thank and commend [ESPN](#) , [The NY Times](#) and our owh [HDNet](#) and [others for great coverage](#) leading to the introduction of a [new bill](#) aiming to right this gross injustice.

Personally, there is no chance I do business in the state of Georgia beyond the committment the Mavs have to play the Hawks until Genarlow is out of jail.
